LA 9 - CUSTOM IN-LINE MUZZLELOADER

WHO: Ultimate Firearms, Inc.

WHAT: Custom .50 Caliber In-Line Muzzleloader

TERMS: Ultimate Firearms, Inc. makes the BP Express, the world's finest custom muzzleloader. With velocities approaching 2400 feet per second with a 300-grain bullet, the ability to burn up to 200 grains of Pyrodex pellets, and an easy two-minute cleanup, this is truly a scientifically engineered, long range muzzleloader that harbors tremendous accuracy and power. This muzzleloader has documented kills on big game in excess of 500 yards. The BP Express has fired five shot groups of one-half inch at 100 yards. This rifle has been used with great success on Brown Bears in Alaska to Cape Buffalo in South Africa. It is designed for the discriminating hunter looking to maximize his shooting potential and hunting effectiveness. It has been tested to over 125,000 psi breech pressures. That amount would cause failure in most any other muzzleloader. The rifle has a lugged, locking bolt with two blow ports to prevent primer blowback. Due to the patented ignition system, there are no gasses expelled through the breech plug. This muzzleloader is primed with a unique, patented, .45 caliber brass casing with a magnum rifle primer which is ten times hotter than a .209 primer. No more having to load those tiny caps or .209s, simply lay the .45 casing in the chamber and rack it forward. The casing surrounds the nipple meaning no blowback. Gone are the days of removing breech plugs and scrubbing tiny parts. This firearm is scientifically engineered to such tight tolerances that there is no fouling blown down the threads during ignition, thus no need to remove and clean it! Simply clean this muzzleloader from the bore as you would any other weapon.

- Custom Stainless Barrel
- Custom McMillan Thumbhole Stock
- Remington 700 Action
- Box of bullets, box of brass, bore shine, patches

To learn more about this fantastic muzzleloader, talk to Dave Watson or Todd Melton about their experience with this firearm. This is the firearm that will let you start applying for muzzleloader draws.

LA 12 - CROSSING THE SWAMP, By Jon McNaughton

Over 240 years ago George Washington suffered through Valley Forge and crossed the Delaware River to bring an astonishing victory to the Continental Army. This led to what many thought was impossible, to defeat a despot King and his formidable army.

Today, Trump endeavors to cross the "swamp" of Washington DC as he carries the light of truth, hope, and prosperity. The murky water of the deep state is laced with dangerous vermin, perfectly willing to destroy American prosperity for their personal ideologies and financial gain. The establishment Democrats, Never-Trumper-Republicans, Deep State, and Fake News Media will do all they can to stop the majority of the American people from succeeding. As an artist, John McNaughton paints what he feels needs to be said about the current state of our country. His hope is that Trump will be remembered as the President that restored America's greatness. He wants to be on that boat for freedom! List of figures from left to right: Nikki Haley, James Mattis, Ben Carson, President Trump, Jeff Sessions, Mike Pence, Melania Trump, Mike Pompeo, Sarah Sanders, Ivanka Trump, John Bolton, Kellyanne Conway, John Kelly.

This spectacular 30 x 45-inch limited edition Giclee Canvas print is ready for framing and will make a wonderful statement in any home or office. It is signed and numbered 55 out of 100. Certificate of authenticity is included.

LA 31 – “STARS AND STRIPES FOREVER” GICLEE by Linda Besse

This Limited Edition 24”x 36” Giclee is #99 of 125 prints of the original painting by Linda Besse. The original painting of this Giclee was named painting of the year and Linda was selected as “Artist of the Year 2018”, by Safari Club International. National Capital Chapter of SCI was fortunate to receive a low numbered giclée that will enhance any office, home, or trophy room. The image size is 24” x 36” and includes a beautiful custom frame. It was one of her African trips which inspired the piece. When she saw the Selous sub-species of the Plains Zebra in Tanzania, their stunning head-to-hoof stripes captivated her. Linda decided a night scene would create the most interesting drama for this iconic African species. And while they cannot see in the dark, she envisioned the zebras’ rapt attention could only mean they heard something. Maybe the soft pad of a slowly moving paw somewhere in the grass? We are pleased to be offering her piece entitled, ‘Stars and Stripes Forever’.

LA 37 – THREE DAY 777 RANCH HUNT FOR TWO HUNTERS

WHO: 777 Ranch

WHAT: Three Day/Two Night Hunt for 2 hunters

WHERE: Hondo, Texas

WHEN: 2019

This is a three day/two-night hunt for two hunters on the famed 777 Ranch. The 777 Ranch has been the premier hunting ranch in the United States for 50 years. Since Jeff Rann, African Dangerous Game Professional Hunter, acquired the 777 Ranch, he has made it his goal to bring a bit of Africa to Texas. The dedication and experience of over 50 years as a hunter and wildlife conservationist that he brings to the 777 Ranch has elevated its legendary reputation; that cannot be equaled anywhere. 777 Ranch sits on the edge of the Texas Hill Country in South Texas, the home of the famed South Texas Whitetail. This region has one of the highest natural protein habitats in the United States. This Wahia bush of South Texas can be compared to the Acacia bush of Southern Africa and is the secret of the natural horn growth for the 777 Ranch's browsers. **Included** in this hunt are daily rates for a 3 day/2-night hunt for 2 hunters, lodging, meals, beverages, field preparation and transportation during the hunt. **Not included** are trophy fees, transportation to and from the airport (approximately \$100 round trip) and gratuity. We thank Steve Rann for this 100 % donation to the chapter. Stop by Steve's booth and talk to him about this wonderful hunt.
